

DANA SHARON

Nanaimo, BC • (778) 318-7949 • whosedreamisthis@gmail.com

WORK EXPERIENCE:

Senior Game Developer, Gamblit Gaming, LLC, Glendale, CA

2014 - 2020

- Developed and maintained multiple skill-based gambling games in Unity / C# for casino floors.
- Integrated games with our in-house gambling API.
- Games: Dice Arena, Lucky Words, Deal or No Deal Poker

Senior Software Engineer, 42 Entertainment Inc., Burbank, CA

2013 - 2014

- Worked with designers, artists, and fellow developers on a multi-kiosk flash application.
- Implemented a kiosk container as a Cocoa app wrapping a web view in Objective C.
- Implemented mini games and core kiosk architecture in as3 and javascript.
- Researched cross platform mobile development environments such as phone gap and cocos2dx

Android Programmer, East Side Games Inc., Vancouver, BC

2012

- Ported an iDevice game over to Android in Java using AndEngine.
- Prototyped a new IP in objective C.
- Games: Nomnom Combo, Dragon Up

Game Programmer, Ubisoft Vancouver Inc., Vancouver, BC

2009-2011

- Implemented gameplay features, converted part of the animation system from a severely hard-coded tangle to a data driven state machine.
- Developed a pedestrian behaviour system, resolved animation-related bugs.
- Games: Motionsports Adrenaline, Driver San Francisco

Physics-Based Character Animation Developer, Rockstar Vancouver, Vancouver, BC

2008-2009

- Coordinated development efforts with Naturalmotion (NM), a third party company providing physics-based character animation technology.
- Prioritized and scheduled NM related tasks for myself, as well as two NM behaviour engineers situated in Oxford, England.
- Developed game-side logic featuring physics-based behaviours
- Identified NM related dependencies on other aspects of the project.
- Packaged and integrated weekly drops to and from NM, respectively.
- Supported NM behaviour engineers with game-side code and bug fixes.
- Game: Max Payne 3

Game Programmer, Action Pants Inc., Vancouver, BC

2006-2008

- Designed and implemented an animation system, including motion blending and low level animation AI
- Implemented gameplay features in collaboration with designers, animators, engineers and scriptors.
- Researched various cutting-edge techniques for blending and character control.
- Games: Pure Futbol, Academy of Champions Soccer

EDUCATION:

M. Sc in Computer Science, University of British Columbia, Vancouver, BC
Thesis: "Synthesis of Controllers for Stylized Planar Bipedal Walking"

B.Sc in Computer Science, University of British Columbia, Vancouver, BC
Average grade: 84%, Dean's Honour List in 3rd year

SKILLS:

Technical

- Worked with C++, Unity / C#, Swift / Xcode, Objective C, javascript, as3, html5, Java, Python and Lua
- Strong understanding of object oriented programming

General

- Understand the importance of team work as well as taking initiative and working independently
- Professional under deadlines
- Able to effectively present material to audiences of varying backgrounds

PUBLICATIONS:

M. van de Panne and **D. Sharon**. Flexible Parts-based Sketch Recognition. In Sketch-Based Interfaces and Modeling, ISBN 978-1-84882-811-7. Springer-Verlag London Limited, 2011, p.153

D. Sharon and M. van de Panne. Constellation Models for Sketch Recognition. In Proc. of the 3rd Eurographics Workshop on Sketch-Based Interfaces and Modeling, 2006

C. Yang, **D. Sharon**, and M. van de Panne. Sketch-Based Modeling of Parameterized Objects. In Proc. of the 2nd Eurographics Workshop on Sketch-Based Interfaces and Modeling, 2005

C. Yang, **D. Sharon**, and M. van de Panne. Sketch-Based Modeling of Parameterized Objects. ACM SIGGRAPH Technical Sketch, 2005

D. Sharon and M. van de Panne. Synthesis of Controllers for Stylized Planar Bipedal Walking. International Conference on Robotics and Automation, 2005

INVITED TALKS:

- Eurographics Workshop on Sketch-Based Interfaces and Modeling, Dublin, Ireland, Aug '05
- University College London, London, UK, Jul '05
- International Conference on Robotics and Automation, Barcelona, Spain, Apr '05
- Inria, Bordeaux, France, Apr '05
